State Premium Taxes

To date, seven (7) states charge the annuity owner premium taxes.

State	Qualified	Non-Qualified
California	0.05%	2.35%
Maine	0.00%	2.00%
Nevada	0.00%	3.50%
South Dakota	0.00%	1.25% of first \$500,000; .08% on portion of premium above \$500,000
Texas	0.04%	0.04%
West Virginia	1.00%	1.00%
Wyoming	0.00%	1.00%

Note: Although Florida imposes a premium tax, the state grants exemption from the tax if the insurer can show that the savings from the exemption are passed on to Florida policy owners. SILAC will pass on the premium tax savings to Florida policy owners so no premium taxes will be withheld.

Procedures – Maine, South Dakota, and Wyoming

SILAC will pay premium taxes in the states of Maine, South Dakota, and Wyoming on a 'front-end' basis, as required by the Department of Insurance. The premium deposit will be reported at the time premiums are paid for the purchase of the deferred annuity and the premium tax amount will be deducted from the policy owner's account. The full initial premium deposit will be reflected in the contract delivered to the policy owner and the payment of the premium taxes will be reported to the policy owner when the first annual Contract Summary is delivered. It is important that the policy owner is aware of the premium tax liability at the point of sale. Please make sure your clients are aware of this situation and how SILAC will process the transaction.

Procedures – California, Nevada, Texas, and West Virginia

Premium taxes will be charged on a 'back-end' basis only upon annuitization in the states of California, Nevada, Texas, and West Virginia. West Virginia's premium tax for annuities will be discontinued for tax years beginning on or after January 1, 2021.

We expect everyone selling our products to determine the appropriateness of each recommended fixed annuity purchase and/or replacement according to our guidelines.
