

## FIXED INDEX ANNUITY

# Allianz Benefit Control+<sup>®</sup> Annuity

## Guide to current rates as of 4/7/2026

New business rates are not guaranteed and are subject to change at the discretion of Allianz Life Insurance Company of North America (Allianz). To find the current rates, visit [www.allianzlife.com/rates](http://www.allianzlife.com/rates). The participation rate on Allianz<sup>®</sup> fixed index annuities is 100% unless otherwise noted.

The rates are current only as of the date indicated above. New and pending applications are eligible for a 60-day rate lock where clients are eligible for the higher of the rates available during that period. If a pending application is not fully funded within 60 days of receipt, it will receive the current rates available at the time it is funded. For multi-year crediting methods, we look at the rate declared for the final year of the initial crediting period.

<sup>+</sup> Index Lock feature available.

<sup>1</sup> MY 5-year point-to-point crediting methods are subject to an allocation charge, deducted annually from the contract accumulation value and guaranteed minimum value (in most states). The current allocation charge percentage is 0.00%. After contract issue, the allocation charge percentage can only change when specified criteria are met, and can never be greater than the maximum allocation charge percentage of 2.5%. The specific criteria we monitor are the annual average U.S. 10-year Treasury rate for the calendar year, corporate bond downgrades for the calendar year, and investment-grade corporate bond defaults for the calendar year. We chose these criteria because they are related to the performance of the assets we use to provide the guaranteed portions of our fixed index annuities. Keep in mind that if the charge is triggered and implemented on the product, it may persist beyond the market conditions that triggered the charge. For more information refer to M-7381.

<sup>2</sup> MY 2-year point-to-point and MY 5-year point-to-point crediting methods are not available in New Hampshire.

<sup>3</sup> In Indiana, the ACR is 0%.

This material must be accompanied by a current Allianz Benefit Control+<sup>®</sup> Annuity consumer brochure (ABCPL-001) or appropriate state variation.  
**M-8888** (R-4/2026)

## Lifetime withdrawal percentages

This table shows the withdrawal percentages that will apply based on the age when income withdrawals are started.

Age	Single life payment	Joint life payment
50-54	3.70%	3.20%
55-59	4.20%	3.70%
60-69	4.70%	4.20%
70-79	5.20%	4.70%
80+	5.70%	5.20%

The rates and allocation charge percentage specified above are set at issue and guaranteed for the first crediting period. Subsequent rates will be set on each contract anniversary and may be higher or lower than prior rates but will not be less than the guaranteed minimums stated in the Statement of Understanding. The minimum fixed interest rate is 0.10%. Rates may vary by state.

The PIV premium bonus, PIV interest bonus percentages, accumulation value interest factors, lifetime withdrawal percentage table, and maximum allocation charge percentage are set at issue based on the date Allianz receives the application and are guaranteed for the life of the contract.

The premium bonus and interest bonus are credited only to the Protected Income Value (PIV). To receive the PIV, including the value of these bonuses, lifetime withdrawals must be taken. The PIV is not available as a lump sum. Clients will not receive these bonuses if the contract is fully withdrawn or if traditional annuity payments are taken. If the client takes any type of withdrawal the PIV will be reduced proportionally. Withdrawals are subject to ordinary income tax and, if taken prior to age 59½, a 10% federal additional tax. Bonus annuities may include higher withdrawal charges, longer withdrawal charge periods, lower caps, lower participation rates, or other restrictions that are not included in similar annuities that don't offer a bonus feature.

For more information about the Allianz Benefit Control+® Annuity,  
**CONTACT YOUR FINANCIAL PROFESSIONAL.**

The indexes available within the contract are constructed to keep track of diverse segments of the U.S. or international markets, or specific market sectors. These indexes are benchmarks only. Indexes can have different constituents and weighting methodologies. Some indexes have multiple versions that can weight components or may track the impact of dividends differently. Although an index may affect interest credited, clients cannot purchase, directly participate in, or receive dividend payments from any of them through the contract.

There is potential for volatility-controlled indexes to underperform compared against benchmark indexes.

The Blended Futures Index is comprised of four sub-indexes: S&P 500® Futures Index ER, Bloomberg International Equity Custom Futures ER Index, Bloomberg US 10yr Note Custom Futures ER Index, and Bloomberg US Small Cap Custom Futures ER Index.

“Bloomberg®” and the Bloomberg indices referenced herein (the “Indices”, and each such index, an “Index”) are trademarks or service marks of Bloomberg Finance L.P. and its affiliates, including Bloomberg Index Services Limited (“BISL”), the administrator of the Index (collectively, “Bloomberg”) and/or one or more third-party providers (each such provider, a “Third-Party Provider;”) and have been licensed for

use for certain purposes to Allianz Life Insurance Company of North America (the “Licensee”). To the extent a Third-Party Provider contributes intellectual property in connection with the Index, such third-party products, company names and logos are trademarks or service marks, and remain the property, of such Third-Party Provider. Bloomberg is not affiliated with the Licensee or a Third-Party Provider, and Bloomberg does not approve, endorse, review, or recommend the financial products referenced herein (the “Financial Products”). Bloomberg does not guarantee the timeliness, accurateness, or completeness of any data or information relating to the Indices or the Financial Products.

The Bloomberg US Dynamic Balance III ER Index is comprised of varying exposure to the Bloomberg US Equity Futures Basket ER Index, where the exposure is primarily determined by market implied volatility. The Bloomberg US Equity Futures Basket ER Index is comprised of three sub-indexes: the Bloomberg US Equity Custom Futures ER Index, the Bloomberg US Small Cap Custom Futures ER Index, and the Bloomberg US Tech Custom Futures ER Index, with intended weights of 80%, 10%, and 10%, respectively, rebalanced daily. The Bloomberg US Equity Custom Futures ER Index generally maintains exposure to large cap U.S. stocks via futures in excess of the corresponding benchmark portfolio.

(R-4/2026)

## PIV lifetime withdrawal percentages

This table shows the withdrawal percentages that will apply based on the age when income withdrawals are started.

Age	Single lifetime withdrawal percentage	Joint lifetime withdrawal percentage
60-69	5.00%	4.50%
70-79	5.50%	5.00%
80-100	6.00%	5.50%

The rates and allocation charge percentage specified above are set at issue and guaranteed for the first crediting period. Subsequent rates will be set on each contract anniversary and may be higher or lower than prior rates but will not be less than the guaranteed minimums stated in the Statement of Understanding. Rates may vary by state.

The PIV bonus, PIV interest bonus, lifetime withdrawal percentage table, and maximum allocation charge percentage are set at issue based on the date Allianz receives the application and are guaranteed for the life of the contract. The PIV bonus and PIV interest bonus are credited only to the Protected Income Value.

To receive the PIV, including the value of these bonuses, the contract must be held for at least 10 contract years and then lifetime withdrawals must be taken between the ages of 60 and 100. The PIV is not available as a lump sum. Clients will not receive these bonuses if the contract is fully withdrawn or if traditional annuity payments are taken. If the client takes any type of withdrawal the PIV will be reduced proportionally. Withdrawals are subject to ordinary income tax and, if taken prior to age 59½, a 10% federal additional tax. Bonus annuities may include higher withdrawal charges, longer withdrawal charge periods, lower rates, or other restrictions that are not included in similar annuities that do not offer a bonus feature.

**CONTACT YOUR FINANCIAL PROFESSIONAL.**

The BlackRock iBLD Claria<sup>®</sup> ER Index is comprised of an equity component, a bond component, and a cash component. It shifts weighting between the components daily based on historical realized volatility of the components. The index tracks the return in excess of a benchmark rate. Annually, BlackRock will set allocations to the ETFs within each of the equity component and the bond component. The equity component will be comprised of the following ETFs: iShares Russell 2000 ETF, iShares Core S&P 500 ETF, iShares MSCI EAFE ETF, iShares MSCI Emerging Markets ETF. The bond component will be comprised of the following ETFs: iShares 1-3 year Treasury Bond ETF, iShares 3-7 year Treasury Bond ETF, iShares 7-10 year Treasury Bond ETF. The cash component is represented by the 3 month LIBOR rate.

The BlackRock iBLD Claria<sup>®</sup> ER Index (the "Index") is a product of BlackRock Index Services, LLC and has been licensed for use by Allianz Life Insurance Company of North America ("Allianz"). BlackRock<sup>®</sup>, BlackRock iBLD Claria<sup>®</sup> ER Index, and the corresponding logos are registered and unregistered trademarks of BlackRock. The Allianz product is not sponsored, endorsed, sold or promoted by BlackRock Index Services, LLC, BlackRock, Inc., or any of its affiliates, or any of their respective third party licensors (including the Index calculation agent, as applicable)

(collectively, "BlackRock"). BlackRock has no obligation or liability in connection with the administration or marketing of the Allianz product. BlackRock makes no representation or warranty, express or implied, to the owners of the Allianz product or any member of the public regarding the advisability of investing the Allianz product or the ability of the Index to track general market performance. BlackRock does not guarantee the adequacy, accuracy, timeliness, and/or completeness of the Index or any data or communication related thereto nor does it have any liability for any errors, omissions or interruptions of the Index.

The Bloomberg US Dynamic Balance II ER Index is comprised of the Bloomberg US Aggregate Custom RBI Unfunded Index and the Bloomberg US Equity Custom Futures ER Index and shifts weighting daily between them based on realized market volatility. The Bloomberg US Aggregate Custom RBI Unfunded Index is comprised of a portfolio of derivative instruments that are designed to provide exposure to U.S. Investment-grade and Treasury bond markets in excess of a benchmark rate. The Bloomberg US Equity Custom Futures ER Index is designed to provide exposure to large cap U.S. stocks in excess of a benchmark rate.

## Guide to current rates as of 4/7/2026

New business rates are not guaranteed and are subject to change at the discretion of Allianz Life Insurance Company of North America (Allianz). To find the current rates, visit [www.allianzlife.com/rates](http://www.allianzlife.com/rates). The participation rate on Allianz® fixed index annuities is 100% unless otherwise noted.

**The rates are current only as of the date indicated above. New and pending applications are eligible for a 60-day rate lock where clients are eligible for the higher of the rates available during that period. If a pending application is not fully funded within 60 days of receipt, it will receive the current rates available at the time it is funded. For multi-year crediting methods, we look at the rate declared for the final year of the initial crediting period.**

<sup>1</sup> The annual rider charge is deducted on monthly basis from the accumulation value and guaranteed minimum value (in most states). The initial rider charge percentage is guaranteed for the first contract year. After the first contract year, the rider charge percentage can change each contract year, but can only be increased when specific criteria are met and will never be greater than the maximum rider charge percentage of 3%. The specific criteria we monitor are the annual average U.S. 10-year Treasury rate for the calendar year, corporate bond downgrades for the calendar year, and investment-grade corporate bond defaults for the calendar year. We chose these criteria because they are related to the performance of the assets we use to provide the guaranteed portions of our fixed index annuities. Keep in mind that if the charge is triggered and implemented on the product, it may persist beyond the market conditions that triggered the charge. For more information refer to M-7381.

<sup>2</sup> Index not available in Iowa.

The caps, participation rates, and interest rate specified above are set at issue and guaranteed for the first crediting period. Subsequent rates will be set on each contract anniversary. The minimum monthly cap for the monthly sum with a cap crediting method is 0.50%. The minimum annual cap for the annual point-to-point with a cap crediting method is 0.25%. The minimum annual participation rate for the annual point-to-point with a participation rate crediting methods is 5%. The minimum annual participation rate for the MY 2-year and MY 5-year point-to-point with a participation rate crediting methods is 5%. The minimum fixed interest rate is 0.10%. Rates may vary by state.

## Lifetime withdrawal percentages

This table shows the base withdrawal percentages and annual increase percentages that will apply based on when income withdrawals are started according to the 360 Benefit rider. The initial lifetime income payment is calculated by multiplying the lifetime withdrawal percentage by the greater of the accumulation value, the guaranteed minimum value, or the net premium.

**Level Income** offers steady, predictable lifetime income payments.

**Increasing Income** offers lifetime income payments with the potential to increase.

Age at issue	Level Income		Increasing Income		Annual increase %*

<sup>1</sup> MY point-to-point crediting method is only available to allocate to during the first 7 contract years. See the Statement of Understanding (SOU) for more details.

The indexes available within the contract are constructed to keep track of diverse segments of the U.S. or international markets, or specific market sectors. These indexes are benchmarks only. Indexes can have different constituents and weighting methodologies. Some indexes have multiple versions that can weight components or may track the impact of dividends differently. Although an index may affect interest credited, clients cannot purchase, directly participate in, or receive dividend payments from any of them through the annuity contract.

## Guide to current rates as of 4/7/2026

New business rates are not guaranteed and are subject to change at the discretion of Allianz Life Insurance Company of North America (Allianz). To find the current rates, visit [www.allianzlife.com/rates](http://www.allianzlife.com/rates). The participation rate on Allianz® fixed index annuities is 100% unless otherwise noted.

The rates are current only as of the date indicated above. New and pending applications are eligible for a 60-day rate lock where clients are eligible for the higher of the rates available during that period. If a pending application is not fully funded within 60 days of receipt, it will receive the current rates available at the time it is funded.

Rider charge <sup>1</sup>		Fixed interest	
1.25%		2.60%	
Annual point-to-point with a cap		Annual point-to-point with a spread	
Nasdaq-100 <sup>®</sup> Index	4.25%	Bloomberg US Dynamic Balance Index II	4.25%
Russell 2000 <sup>®</sup> Index	4.25%		
S&P 500 <sup>®</sup> Index	4.00%	Annual point-to-point with participation rate	
Bloomberg US Dynamic Balance Index II	3.75%	Bloomberg US Dynamic Balance II ER Index*	90%
		2-year point-to-point with participation rate	
		Bloomberg US Dynamic Balance II ER Index*	135%

The caps, spread, participation rates, and interest rate specified above are set at issue and guaranteed for the first crediting period. Subsequent rates will be set on each contract anniversary. The minimum annual cap for the annual point-to-point with cap crediting method is 0.25%. The maximum annual spread for the annual point-to-point with spread crediting method is 12%.

The minimum participation rate for the annual point-to-point with a participation rate and the 2-year point-to-point with a participation rate crediting methods is 5%. The minimum fixed interest rate is 0.10%. Rates may vary by state.

The maximum rider charge percentage and lifetime withdrawal percentage table are set at issue based on the date Allianz receives the application and are guaranteed for the life of the contract.

For more information about the Core Income 7<sup>®</sup> Annuity and Core Income Benefit rider, **CONTACT YOUR FINANCIAL PROFESSIONAL.**

\* Index Lock feature available.

<sup>1</sup> The annual rider charge is deducted on a monthly basis from the accumulation value and guaranteed minimum value (in most states). The initial rider charge percentage is guaranteed for the first contract year. After the first contract year, the rider charge percentage can change each contract year, but will never be greater than the maximum rider charge percentage of 1.25%.

• Not FDIC insured • May lose value • No bank or credit union guarantee • Not a deposit • Not insured by any federal government agency or NCUA/NCUSIF

The indexes available within the contract are constructed to keep track of diverse segments of the U.S. or international markets, or specific market sectors. These indexes are benchmarks only. Indexes can have different constituents and weighting methodologies. Some indexes have multiple versions that can weight components or may track the impact of dividends differently. Although an index may affect interest credited, clients cannot purchase, directly participate in, or receive dividend payments from any of them through the annuity contract.

This material must be accompanied by a current Core Income 7<sup>®</sup> Annuity and Core Income Benefit rider consumer brochure (CB95374) if applicable.

## Lifetime withdrawal percentages

This table shows the base withdrawal percentages and annual increase percentages that will apply based on when lifetime withdrawals are started according to the Core Income Benefit rider. The initial lifetime withdrawal is calculated by multiplying the lifetime withdrawal percentage by the greater of the accumulation value or the net premium.

**Level Income** offers steady, predictable lifetime withdrawals.

**Increasing Income** offers lifetime withdrawals with the potential to increase.
